

SUPPORTING BUSINESS IN SOUTH CANTERBURY

WELCOME TO 2009

Wendy Smith, Chamber CEO

Welcome to 2009. The S C Chamber of Commerce looks forward to continuing to meet your business needs, we will be maintaining our very popular programme of Business After 5's, our training events and range of member services, including legal help desk and assistance with business and marketing plans, expert employment advice and assistance with finance and accounting problems. Your business is essential to the health and well being of this district, whether you are a sole operator or have a team of twenty or so staff, whether you provide

core transport or production services or run a small B & B we are here to work with you.

A recent survey carried out by Staples Rodway, a full service accountancy business on "What's Bugging Business", reports that the five key concerns are:

- Amount of work
- Tax Issues
- Company Sales
- The economy in general
- Compliance Costs.

Many business owners and managers have increasing workloads working "in" rather than "on" the business in an attempt to keep costs down. Whether in good times or bad this is where the Chamber, the Cluster Groups, your accountants and simply talking to other business owners can help to ensure you maintain and put into effect some of those basic but essential steps such as good stock control, prompt debt collection, active marketing and good communication with your teams. We may not have all the answers but we can put you in touch with people who can help.

Our leadership, our tenacity and our ability to find solutions will ensure that the South Canterbury community bucks the trend and works through the economic and social challenges over the next period. "No man is an island" so use the services that are available to help you thrive, we look forward to hearing from you.

Wendy Smith
CEO
